ANALYSIS

NRO Sec 30-13, A establishes a School Capital Reserve Fund under RSA Chapter 34 for the purpose of financing costs of school building, construction, additions and renovations. NRO Sec 30-13, B provides that "expenditures from said fund shall be as directed by resolution adopted by majority vote of the Board of Aldermen." This resolution authorizes \$3,362,000 to be expended from the school capital reserve fund for the purpose of paying school bonded debt principal. RSA 34:1, VII states that a capital reserve fund may finance all or a part of the cost of the repayment of bonded debt issued for the purpose specified in the fund (school building, construction, additions and renovations).

This resolution also authorizes a transfer of \$3,362,000 from FY2009 school bonded debt principal payments into the FY2009 school budget for the purpose of covering the FY2009 year-end school department deficit. In other words, it reallocates FY2009 funding in the General Fund operating budget to match department expenditures. Charter Sec. 53 permits the Board of Aldermen to transfer any unencumbered appropriation balance or any portion thereof from one department, fund or agency to another. NRO § 5-130, H provides that "when proposed legislation to transfer or reappropriate a particular appropriation or portion thereof has had its first reading, such funds shall not be expended or transferred while the legislation is pending".
